Submission of this application represents your acceptance of the following terms:

1. Permits are not refundable.
2. Tapping permits expire two (2) years from the date of issuance.
3. Tapping fees must be paid when submitting this application.
4. Permits are transferable only within the planning module.
5. NSTMA will review the water consumption and will adjust the EDU fees accordingly. No refund of fees will be issued if the EDU's are reduced.
6. The sewer lines must be built to NSTMA specifications, inspected by NSTMA and approval granted in writing.
7. This application may be subject to the approval of planning modules and/or the NSTMA Manual for Construction of Sewers.
8. A sketch to Scale is to be submitted. (1 inch = 100 feet)
